Training the new
generation of HIV
physicians

ACCREDITATION

The **HIV from A to Z - Module 1, 2, 3, 4 and 5** organized by FLS Science, is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists.

Each medical specialist should claim only those credits that he/she actually spent in the educational activity. The EACCME is an institution of the European Union of Medical Specialists (UEMS). Only those e-learning materials that are displayed on the UEMSEACCME website have formally been accredited.

Through an agreement between the European Union of Medical Specialists (UEMS) and the American Medical Association (AMA), physicians may convert EACCME credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME credit to AMA credit can be found at www.ama-assn.org/education/earn-credit-participation-international-activities.

An application of this e-learning activity has been made to the **UEMS EACCME®** for CME accreditation.
